Dear Mr. Nelson:

Thank you for spending so much time with me on the phone the other day. I was so glad I could get some definitive answers to these hard questions about human life.

As I promised, please see enclosed a copy of the relevant pages of the publication "Rescue the Perishing" quoting Dr. Graham. It is published by Paul R. Dorr, Box 115, Ocheyedon, Iowa 51354.

You can't imagine the shock I experienced when I first read Mr. Dorr's magazine. Now after careful investigation of the facts (including obtaining a transcript of the interview with Good Morning America), I realize that Mr. Dorr had not misquoted Dr. Graham.

You must realize that Dr. Graham's position appeared to compromise the humanity of the unborn child - there is not the least hint in the Scriptures that the circumstances surrounding our conception has anything to do with our being human or not. God certainly intended all humans to be conceived - else we slide into the murky waters of "when does humanity begin?", a gestalt that society has desperately proffered fourth because of the sexual revolution, i.e., you can't talk about freedom of sexual expression unless you divorce it from its role in creating humanity - humanity that can be saved by the Blood of Christ!

What is further confounding, however, is that in his interview with Joan Lunden, she says, "The last time you were on the show ... you said, 'There's a Christian position, but I can't say what that is.' Can you say what that is now?"

If Dr. Graham had formulated his position on abortion many years ago, when his father-in-law, Dr. Bell, was alive why did he say, in the earlier interview with Mike Schneider that he couldn't say what it (his position on abortion) was? If you could explain this, it would be a great help.

I talked with Wendell Anderson on the 17th of September (he had returned a call to me that I had made earlier, before I had talked with you) and he quoted me a statement by Dr. Graham stating that abortion should only be allowed "... when the mother's life is at stake or in the case of rape." This is different than the statement you had given me, especially with respect to rape. If you could clarify this as well, it

would be a great help to all of us who are deeply concerned about the widespread use of abortion.

Thank you so much for your time and help.

Sincerely yours,

Hadley Robinson
